Mr. Haddock,

I have been working on a letter to submit to UDOGM determining if our comments or concerns were adequately addressed in the revised plan amendment for the South Fork Quitchupah 2R2S Plan. As noted in your letter to us dated October 18, 2012 one of our primary concerns has been impacts to an archeological site.

Consultation for this site with the Utah State Historic Preservation Office (SHPO) was initiated the week of November 19, 2012. SHPO has 30 days to reply to the recommendation found within the Archeological report. The Forest Service anticipates SHPO consultation being finalized the week of December 17, 2012. Waiting for SHPO consultation to be complete is the final piece of the puzzle for finalizing our letter to you.

If you have any questions or would like to discuss this further please email or call me at any time.

Sincerely,

Kyle Beagley
